COLOUR CHANGE INFORMATION

Physical colour gel changes for each dance will be possible in the Mid 'Chest', and Low 'Shin' boom lighting fixtures only.

The host university will provide three 'rep' sets of colour for use in boom fixtures by visiting school consisting of L201 (cool), L204 (warm), and R52 (lavender). Any other colour required must be provided by visiting school upon arrival consisting of sixteen unframed cuts at ETC Source 4 36 degree size (6.25" square).

There will be LED colour mixing available from an overhead RGBW par wash and a cyclorama RGBA flood wash. LED colour should be specified within the lighting cue tracking sheet and will be programmed into the lighting console as part of the lighting cues.

COLOUR SELECTIONS

Mid 'chest' SL: SR:

Low 'shin' SL: SR:

SOFT GOOD STAGE BACKGROUND INFORMATION (select only one):
